

Writing Warm-up!

Write freely about any one of the topics below.

This is personal writing,
not to be shared with classmates.

(15 minutes)

- Describe a time you felt compelled to keep a secret when you really didn't want to do it.
- Describe a time you made an oath with someone.
- Describe a time you felt most alone in a crowd.
- Describe a time you felt terribly upset because of the way others treated you.

You will type your responses tonight. Do not worry about writing formally. Your goal is to use language honestly and personally to describe and reflect on personal experience.
